The cost of the transplant includes:

1. Preparation of the transplant (for both the recipient and the donor).
2. Hospitalization, (including chemotherapy, radiation, immuno-conditioning with anti-thymocytic antibodies, other medications, hyperalimentation and the transplant itself including procurement costs).
3. Blood products including single donor apheresis for platelets and red blood cells (including filtration and irradiation).
4. Transplant fee includes initial dental check-up.
5. Post-transplant treatment for a maximum of six months after the transplant and preparatory period, up to three weeks before the transplant (which includes medications and if needed the cost of other hospitalizations).

The cost of the transplant excludes:

1. Transplant fee does not include dental treatment.
2. Transplant fee does not include **WHOLE EXOME SEQUENCING**.
3. In rare cases in which the transplantation shall require cord blood or an implant from a specific bone marrow donor registry, there may be additional charges for the transplantation package. **Additional cost for cord blood implant can be up to \$48,000.**
4. Molecular HLA conformity typing for family members: If needed will be charged at **Euro 2,489** for each family member.
5. This proposal does not include a pre-transplant treatment required for induction of remission or tumor debulking prior to transplantation.

Please note:

- Additional hospitalization days will be charged at the rate of **Euro 1,900** per day.
- In the event that additional three month hospitalization package is required (beyond 6 months), it will be charged at the rate of **Euro 29,290**.
- Any additional surgery, other than the transplant, will be charged per service.
- This quote may be changed based on the treatment instructions of the treating physicians.
- Additional costs may be incurred for additional testing and/or procedures that may arise throughout the anticipated medical care. They will be charged based on Hadassah's rate at the time of treatment.
